MEAT MINCER SSTX114 COMPACT

QUOTATION NO: Q20261002-931

DATE: 02.10.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- SSTX114 Compact is a professional meat mincer designed for butcher shops, meat processing facilities, and the production of processed meat products. The machine is entirely made of stainless steel (INOX 18-10), ensuring high hygiene standards, long service life, and easy maintenance.
- The monobloc construction with a removable body allows quick cleaning and easy access to working components. The grinding system is designed as a double cutting system (Unger system), which provides consistent and high-quality meat grinding. The grease bath gearbox with permanent lubrication ensures reliable and quiet operation.
- The machine is mounted on legs and equipped with a safety protection system on the grate, which increases safety during operation. SSTX114 Compact is suitable for continuous work in professional environments and complies with CE standards for food industry equipment.
- Technical specifications:
 - Model: SSTX114 Compact
 - Power supply: 400 V, 50 Hz (three-phase)
 - Motor power: 5.5 HP / 4 kW
 - Theoretical capacity: approx. 1600 kg/h
 - Hopper capacity: 50 L
 - Exit diameter: 114 mm
 - Grinding plate diameter: 5 mm
 - Weight: approx. 130 kg
- Features:
 - fully stainless steel construction (INOX 18-10)
 - monobloc housing
 - removable machine body
 - double cutting system (Unger)
 - grease bath gearbox with permanent lubrication
 - easy cleaning and maintenance
 - complies with CE standards
