MEATBALL FORMING MACHINE SSC/E MBF

QUOTATION NO: Q20261116-943
DATE: 16.11.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- SSC/EMBF is a professional meatball forming machine designed for butcher shops, meat processing facilities and meat product production. The machine enables automatic forming of meatballs with uniform shape and size while maintaining high productivity.
- The machine is made of stainless steel and food grade materials suitable for contact with food, ensuring hygienic operation and long service life. The design allows easy integration with hamburger forming machines and production lines.
- SSC/E MBF enables precise forming of meatballs of different sizes with stable operation and easy height adjustment. The forming system ensures consistent portions suitable for further processing or packaging.
- Technical specifications:
- Model: SSC/E MBF
- Power supply: 230 V, 50 Hz
- Productivity: approx. 4000 pcs/h
- Meatball diameter: approx. 28–39 mm
- Weight: approx. 70 kg
- Features:
- fully stainless steel construction
- automatic meatball forming
- adjustable working height
- compatible with hamburger forming machines
- easy cleaning and maintenance
- complies with CE standards
