## PRODUCT DESCRIPTION

### Specifications and product characteristics:

- Professional meat mixer model SN25M is designed for fast and uniform mixing of meat, spices and other ingredients in butcher shops, restaurants, processing plants and professional kitchens. This model is an ideal solution for users who require reliable operation, compact dimensions and high mixing quality in daily professional use.
- The 50 liter tub capacity allows processing of optimal product quantities, while the operating speed of 17 to 34 rpm ensures efficient and even mixing. The machine is suitable for preparing minced meat, cevap mixtures, sausages, burger mixtures and other meat products.
- The construction is made of high-quality stainless steel, ensuring long service life, corrosion resistance, high hygiene standards and easy maintenance. The powerful 1.5 kW motor provides stable performance and reliable operation even under intensive use.
- Compact dimensions allow easy placement in the workspace without taking too much space, making this model an excellent choice for small and medium production capacities.
