KOLBE - BAND SAW K330

QUOTATION NO: Q20261115-950
DATE: 15.11.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- Professional bone saw Kolbe K330 is designed for fast, precise and safe cutting of fresh and frozen meat, bones and larger product pieces in butcher shops, processing plants, supermarkets and professional kitchens. This model is an ideal solution for users who require strong performance, reliable operation and high cutting quality in daily professional use.
- The saw provides fast and even cutting thanks to the high blade speed of 22 m/s, ensuring efficient work and precise cuts. It is suitable for processing bones, carcass sections, large meat pieces and frozen products.
- Model K330 is equipped with 300 mm wheel diameter and uses a 2490 mm blade, providing stable operation, accurate blade guidance and excellent cutting results. Maximum cutting height is 320 mm, while cutting width is 280 mm.
- The construction is largely made of stainless steel, ensuring long service life, high hygiene standards and easy maintenance. Stable industrial design makes this model an excellent choice for professional users.
- Technical specifications:
- Machine type: Bone saw
- Manufacturer: Kolbe
- Model: K330
- Power: 1.5 kW
- Voltage: 400 V
- Frequency: 50 Hz
- Blade speed: 22 m/s
