BOSS - X 660 VACUUM MACHINE

QUOTATION NO: Q20261002-966

DATE: 02.10.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- The Boss X 660 is a professional double-chamber vacuum packaging machine designed for industrial food packaging applications. Its dual-chamber configuration enables continuous operation and increased productivity by allowing one chamber to be loaded while the other completes the vacuum cycle. The digital control system provides precise adjustment of vacuum and sealing parameters, ensuring reliable and consistent packaging results. Constructed from stainless steel, the machine is ideal for meat processing plants, food production facilities, and commercial packaging operations.
- Technical Specifications:
- Manufacturer: Boss
- Model: X 660
- Type: Double Chamber Vacuum Packaging Machine
- Power Supply: 400 V
- Frequency: 50 Hz
- Power Rating: 4 kW
- Controls: Digital Control System
- Construction Material: Stainless Steel
- Application: Vacuum packaging of meat, cured products, cheese, fish, and other food products
