PRODUCT DESCRIPTION

Specifications and product characteristics:

- The Inauen VC999 03 i FNS is a professional double-chamber vacuum packaging machine designed for industrial food packaging applications. Its dual-chamber configuration enables continuous operation and increased productivity by allowing one chamber to be prepared while the other completes the vacuum cycle. The digital control system provides precise adjustment of vacuum and sealing parameters for different product types. Constructed from stainless steel, the machine is ideal for meat processing plants, food production facilities, and commercial packaging operations.
- Technical Specifications:
- Manufacturer: Inauen Maschinen AG
- Model: VC999 03 i FNS
- Type: Double Chamber Vacuum Packaging Machine
- Power Supply: 400 V / 3 Phase
- Frequency: 50 Hz
- Current Consumption: 15 A
- Power Rating: 9 kW
- Fuse Protection: 25 A
- Operating Air Pressure: 5 – 6 bar
- Controls: Digital Control System
- Construction Material: Stainless Steel
- Application: Vacuum packaging of meat, cured products, cheese, fish, and other food products
