TECHNOPACK TIPPER TIE - KDCV 90 CLIPPING MACHINE

QUOTATION NO: Q20261115-972
DATE: 15.11.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- The Technopack Tipper Tie KDCV 90 is a professional automatic clipping machine designed for sealing natural and artificial casings in sausage production and other food processing applications. The machine delivers fast and accurate double clipping, ensuring secure closure and consistent product quality.
- Designed for demanding industrial environments, the KDCV 90 can be easily integrated with vacuum fillers and other meat processing equipment. Its durable stainless steel construction provides excellent reliability, long service life, and easy maintenance.
- The pneumatic operating system ensures stable performance and high productivity, while the user-friendly design simplifies daily operation. This machine is an efficient solution for food manufacturers requiring precision, reliability, and continuous production performance.
- Technical Specifications
- Manufacturer: Technopack / Tipper Tie
- Model: KDCV 90
- Type: Automatic Clipping Machine
- Construction: Stainless Steel
- Operating Air Pressure: 4–6 bar
- Power: 0.1 kW
