REX - HYDRO CUTTER 65

QUOTATION NO: Q20261115-973
DATE: 15.11.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- Rex Hydro Cutter 65 is a professional bowl cutter designed for meat processing and the production of emulsions, sausages, pâtés, and other food products. Equipped with a 65-liter bowl and a six-knife cutting system, it delivers fast, precise, and consistent chopping and mixing performance.
- The machine is manufactured from high-quality stainless steel, ensuring durability, easy cleaning, and excellent hygiene standards. It features two knife speeds and two bowl speeds, allowing operators to adapt the process to different products and production requirements.
- A stainless steel cover and additional noise-reducing protection contribute to safe and comfortable operation. Powered by an 18 kW motor, the Rex Hydro Cutter 65 provides reliable performance and high productivity for small and medium-sized meat processing facilities.
- Technical Specifications
