This quotation is valid for 7 days from the issue date. Contact us for a price.

QUOTATION NO: Q20261115-977
DATE: 15.11.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- Stephan MC12 Microcutter is a compact and efficient machine designed for fine grinding, emulsifying, and homogenizing a wide range of food products. Thanks to its Microcut technology, it delivers highly precise processing and a uniform product structure. Manufactured from high-quality stainless steel, it ensures excellent hygiene standards, easy cleaning, and long-term reliability.
- Its compact footprint makes it an ideal solution for small and medium-sized production facilities where space optimization is important. The machine is suitable for producing emulsions, pâtés, sausage mixtures, spreads, and other food products that require fine and consistent processing.
- Technical Specifications
- Manufacturer: Stephan
- Model: MC12
- Capacity: 40 l
- Power: 9 kW
- Power Supply: 400 V / 50 Hz / 3N
- Processing Capacity: up to 1200 kg/h
- Cutting Speed: 2900 cuts/min
- Dimensions (L x W x H): 700 x 630 x 1000 mm
- Weight: 120 kg
