NIEROS - HYGIENE BARRIER COMPACT HC C

QUOTATION NO: Q20261115-980
DATE: 15.11.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- NIEROS Compact HC C is a compact hygiene station designed for personnel access control in production facilities where strict hygiene standards are required. With integrated hand disinfection and footwear cleaning systems, it provides effective sanitation before entering production areas.
- The unit features two automatic hand disinfection modules, a footwear sanitizing pool, and a walk-through footwear brush cleaner. Two turnstile-controlled passages ensure controlled personnel flow while maintaining hygiene compliance.
- Its stainless steel construction provides durability, easy maintenance, and reliable operation in demanding industrial environments. Thanks to its compact footprint, the unit is particularly suitable for production facilities with limited available space.
- Technical Specifications
