SCHWAN - OPTIMAL 300+200 KETTLE

QUOTATION NO: Q20261002-981

DATE: 02.10.2026

PRODUCT DESCRIPTION

Specifications and product characteristics:

- The Schwan Optimal 300+200 is a double industrial steam kettle designed for cooking, processing and thermal treatment of large food batches. The unit consists of two independent kettles with capacities of 300 and 200 litres, allowing simultaneous processing of different products while maximizing production flexibility.
- Manufactured from stainless steel, the kettle is suitable for food processing plants, central kitchens, meat processing facilities and professional catering operations. The dual-kettle design enables efficient workflow management and optimal utilization of production capacity.
